# PROJECTS

---

## EDU ZO3 Tools

2020

*Transforming the education data into smart decision-making tools.*

The tools/info include:

- *TS EAMCET College Predictor*
- *TS ECET College Predictor*
- *TS EAMCET Rank Predictor*
- *TS ECET Rank Predictor*
- *TS Engineering College list for EAMCET and ECET*
- *TS ECET College Suggester*
- *TS EAMCET College Suggester*

Many private websites that are currently making these types of tools are biased to some particular colleges. Most of the data found to be inaccurate. The student who just finished his/her intermediate/diploma will be in a search of colleges according to his/her rank which was secured in respective CET. My websites helped many students in suggesting colleges according to their rank, locality, fee which can be afforded by him/her. Recently(Oct 2020) the tools have reached around **1.7 Million** views, around **100k users**. Many users have shared their feedbacks, which can be found via this link: <http://tiny.cc/BSTff>

## TS and AP Diploma Percentage Calculator

2019

Developed a small web-based tool using Javascript,(HTML-CSS) with user-friendly UX for Telangana & Andhra Pradesh diploma students to calculate their aggregate percentage. As per Google Analytics reports, the website has over 40k+ users & 105k+ views [as of July 2019].

## ZO3 Tech android application

2018

Developed an Android application that serves the users with the latest technology-related news and other info related to IT. This app is build using Android Studio, where the content is fetched using REST-API through the website [www.zo3.tech](http://www.zo3.tech). the app is live on play store and available for the download.
